JOSIAH TURNER, Jr., EDITOR.

THE LAST SCENES OF THE APPOMATTOX SURRENDER.

John Esten Cooke, in his new book, 'Hammer and Rapier,' says:

The day passed, and the night—on the 10th the army surrendered formally, stacked arms, abandoned their colours, and dispersed to their homes. The Federal commander had acted throughout all with the generosity of a soldier and the breeding of a gentleman. Not a cheer was heard, not a band played in the Federal army. When far off a shout rose over the woods, one of the federal officers hastened to apologize for it.

'That is the rear guard—those fellows did some of the fighting,' he said.

Those who fought—the veteran Army of the Potomac, tried in battle, in victory, in defeat, in all the hard life of the soldier—they did not cheer when their old adversaries surrendered. They were silent, and saluted when a ragged Confederate passed. They felt what surrender must be to the men of that army which they had fought for four years—and not a cheer or a brass band was heard.

Why humiliate their old enemies?—Why make more bitter their misfortune?

On the 10th of April, 1865, the old soldiers of the Army of the Potomac stretched the hands of comrades to the foe they had fought so long. To-day they are ready to do as much, if the civilians would only let them. There is a personage more ferocious and implacable than the fiercest soldier—it is the man who had staid at home and never smelt gunpowder; who, while the rest fought, clapped his hands, saying:

'Fight on, my brave boys! You are covering yourselves with glory, and we are watching you!'

'If the civilians had been at Appomattox, they would have butchered or handcuffed the men of Lee—would you not, messieurs? You would certainly have split the air with every brass band of the army, and shouted 'Hosannah' at their humiliation.

'Well, see the difference between men who fight and men who do not. The old soldiers of the army of the Potomac kept quiet—when Lee appeared at Gen. Grant's headquarters, every head was uncovered. Victory saluted defeat.'

RISING IN THE WORLD.

You should bear constantly in mind that nine-tenths of us are, from the very nature and necessities of the world, born to earn our livelihood by the sweat of the brow.—What reason have we then to presume that our children are not to do the same? If they be—as now and then one will be—endowed with extraordinary powers of mind, those powers may have an opportunity of developing themselves; and, if they never have that opportunity the harm is not very great to us or to them. Nor does it hence follow that the descendants of laborers are always to be laborers. The path upwards is steep and long to be sure. Industry, care, skill, excellence in the present parent lay the foundation of a rise under more favorable circumstances for the children. The children of these take another rise; and by time by the descendants of the present laborer become independent. This is the natural progress. It is by attempting to reach the top at a single leap that so much misery is produced in the world; and the propensity to make such attempt has been cherished and encouraged by the strange projects that we have witnessed of late years for making the laborers virtuous and happy by giving them what is called education. The education I speak of consists in bringing up children to labor with steadiness, with care and with skill; to show them how to do as many useful things as possible, to teach them how to do all in the best manner; to set them an example of industry, sobriety, cleanliness and neatness; to make all these habitual to them, so that they shall never be liable to fall into the contrary; to let them always see a good living proceeding from labor, and thus to remove from them the temptation to get at the goods of others by violent or fraudulent means, and to keep far from their minds all the inducements to hypocrisy and deceit.

The Hartford *Post* tells a story of a deacon who once got drunk in New York on the Fourth of July. It was at a time when ice was unknown in summer in the country. The deacon confessed his fault, but pleaded in palliation that it was a prodigiously hot day, and the lemons and ice in the punch did look so cool and inviting that he couldn't resist the temptation, and he supposed he did actually drink to intoxication. A brother on a back seat listened attentively but incredulously to the defence, and at its conclusion rose. "I hain't no objection," said he, "to a man's getting drunk, if he owes up to it and is sorry for it; that's a thing a man's liable to, and p'raps some times he can't help it; but when the the deacon comes in here and undertakes to excuse himself in any such way as that—talking about seeing ice in July, I go for jerkin, him out for lyin."

MEDICINAL PROPERTIES OF EGGS.—The white of an egg has proved of late the most efficacious remedy for burns. Seven or eight successive applications of this substance soothe pain and effectually exclude the burned part from the air. This simple remedy seems preferable to collodion or even cotton. Extraordinary stories are told of the healing properties of a new oil which is easily made from the yolk of hens' eggs. The eggs are first boiled hard, and the yolks are then removed, crushed and placed over a fire where they are carefully stirred until the whole substance is just on the point of catching fire, when the oil separates and may be poured off. One yolk will yield nearly two teaspoonfuls of oil. It is in general use among the colonists of South Russia as a means of curing cuts, bruises and scratches.

A story is told of an old hunter in Michigan, who, when the country was new, got lost in the woods several times. He was told to buy a pocket compass, which he did, and a friend explained to him the use. He soon got lost and lay out as usual. When found, he was asked why he did not travel by the compass.—He stated that he did not dare to. He wished to go north, and he "tried hard to make the thing point north, but 'twant no use; 'twould diddle, diddle, diddle, diddle, right round, and point southeast every time!"

Jacob Snotsenhoover, of Adams county, Indiana, having been rejected by a Miss Elia Bristol on account of his name, assaulted the lady, and afterward attempted suicide.

BEE CULTURE.

There are not as many bee stands in all North Carolina as there ought to be in one Congressional district. Our addresses to the people, within the last twelve months, have not been confined solely to the profligacy and corruption of State officials under the present administration, but Bees, Sheep, Clover, composting and Agriculture generally, came in for a share of our remarks.

In Halifax, last Summer, we saw, at a mill, one of Langstroth's bee hives from which 40 pounds of honey had been taken and sold for ten dollars, and the miller declared it was the easiest money made at the mill. This we consider a strong argument in favor of bee culture, for millers are proverbial for making their money easy.

Every man who has a home and runs a plow should have a bee house also; and he who has no bees, should buy a stand during this month, and by August, with tolerable luck, he will have three, four, or perhaps, five stands.

The best investment for a poor man is in bees; it requires small capital, and no other investment pays so heavy a dividend.

Alamance is among the small counties of the State yet it loses annually $53,440 and fifty cents by not *raising one pound of honey to the acre.* No wonder they were hard up for money to pay taxes last year, when it is remembered that it is neither much of a cotton or a tobacco county.

The population of Lynn, Massachusetts, are devoted to shoe making—that of Weathersfield to raising onions. Kowno, a town on the Niemen in Russia, is as fully employed in raising bees and honey as the people of Lynn are in making shoes, or those of Weathersfield in raising onions. There the bees engage the attention of men, women and children, and from the linden tree which grows in the surrounding country, the best honey in the world is produced.

Honey and bees-wax form very important items in the export trade of Rusia. In 1828, at Techerningow, an agricultural and bee school, or college was established by the crown, where boys undergo a course of practical instruction on the *science* of bee culture.

The annual income to Russia from bees-wax and hopey, is $3,250,000. Our country can beat Russia in both bees and sheep. In Russia both bees and sheep are housed throughout the long winter, here we are not necessarily obliged to incur this expense. If the people of Russia took no more care of their bees and sheep than we do in this country, they would lose the breed of both in two seasons.

A Republican State Senator from the Dismal Swamp country, informed us some time ago, of an instance in which sixty gallons of wild strained honey was taken from one bee tree in the swamp.

Dismal Swamp and other Swamps in the Eastern part of this State are favorite resorts for bees.

If carpet bag Bibles had in Russia, the bees which he purchased with the 300,000 acres of Swamp Lands, he could sell them for as much as he paid for the land and save the honey for himself.

We are glad to see that there is a growing interest on the subject of bee culture in this State. People are learning a great deal about bees more than they ever knew before. Considerable attention, in many parts of the State, is being paid to artificial colonies, and also to the non-swarming system of bee keeping. Messrs. Hunter and Shultz of Salem, who are engaged extensively in the propagation of the best breeds of the honey bee, foreign and domestic, have proved to a demonstration that bees may be most successfully and profitably raised in this State, and they will furnish any information to any person applying to them on the subject of bee culture. While in Salem, a few weeks ago, we visited the Apiary of Messrs. Hunter and Shultz, where we saw eighty of Langstroth's patent hives, occupying about one-twelfth of an acre of space.

Their stock is composed of the Italian, the American, and hybrids. They can send them by express wherever desired, without detriment or danger. The Italian is considered the best honey maker, and are much more docile than the American. It is said they can distil honey from the red clover, which the American bee cannot.

Dr. Beall, Senator from Caldwell County, has also turned his attention to bee culture and we think he went home after the adjournment, with a high bee-fever on him, and taking with him a newly patented bee-hive, known as the "American patent."—We hope the Doctor will enlighten his constituents on the subject of bee raising, as well as on Radical and "Ring" rascality.—We have one of these new patent hives, which we shall try this Spring and report our success.

A Chicago politician, says an exchange, has failed to recover on a note given him by his rival to keep out of the canvass.—The court decides such a contract against the public morals.

There are a good many things done nowadays, that are decidedly against public morals, and yet they are daily practiced.—Dewese paid a large sum of money in buying off rivals for Congress in this Congressional District, but as the money was paid in advance, the Courts never got a chance to express an opinion in regard to the moral aspect of the question.

We suggest to the Grand Jurors of the several counties in this State to institute inquiry into this matter, and when it appears that men have thus immorally and illegally taken a bribe in any shape or form, to defeat the wishes of the people, or even corruptly to receive a gratuity for the performance of an act which it was their duty to perform, let them be exposed and held up as examples to be shunned by all those seeking public positions.

This huckstering and trafficking for office ought to be checked. If a candidate for any official position expends as much or more money to procure it than the legal income of that office, it is reasonable to infer that he intends to use the influence the position gives him, illegally, to reimburse him for the outlay. For instance, Dewesse says he spent $12,000 in his Congressional campaign, and the next thing we hear of he is selling cadetships, and how many times he may have received bribes for his vote, can never be known to the public.

We say again, let our Grand Jurors "diligently inquire" into these things in our State. Let them inquire if any valuable consideration, directly or indirectly, has been given or promised, for appointments to take the census in any of the Counties; whether, in violation of law, deputyships are or have been promised by persons running for county offices, or other irregularities of this kind. All these corrupt practices ought to be exposed and punished, because the people have to pay the money, let who will get it.

LA GRANGE, April 11, 1870.

JOSIAH TURNER Esq:—In the SENTINEL of the 4th, your Oxford correspondent P A. L. complains of my having obtained interest paying orders—for county claims held by me; in regard to these claims they were not bought up at a discount as suggested, but for bridges built in the fall of 1867. I paid for the labour that did this work for the county—as soon as it was completed. Your Oxford Correspondent was at that time Chairman of the Finance Committee and recommended the claims allowed by the then existing good old County Court system which he is so partial to. I needed the money—the County unable to pay, I proposed to make these orders payable the 1st of October and November next, bearing interest from the 8th March past only—Mr. Editor I cannot see any thing to complain either of me or the Commissioners. I am no advocate of the present abominable system of management of the affairs of Granville, God knows.

Your friend,
S. S. ROYSTER.

MAJ. ROBBINS IN DAVIE.

This gentlemen made a telling speech in Davie last Tuesday. We learn from parties who heard him, that the crowd was larger than has been seen in Mocksville for many years, and that his speech was most happily received. The good people of Davie are wide awake and almost unanimous for the re-election of Maj. Robbins to the State Senate.

We are really glad to hear this, for we feel sure that no better selection can be made—no more efficient, honest, and zealous servant of the people can be had in this senatorial district than Maj. Robbins, and we therefore congratulate the people of Davie on the excellent selection they have made in uniting upon him as their standard bearer in the coming campaign. We most heartily endorse their choice, and assure them that the good people of Rowan will not be behind when the time comes to do honor to one who has faithfully served them. So far as we are able to judge, Rowan is equally united in favor of Maj. Robbins; there is no division in the Conservative ranks on this score. The people of Davie county have declared him to be their preference, and if there are any in Rowan (we do not know that there are any) who have heretofore hesitated from any cause as to whether they would support him for the Senate this Summer, we can say to them that they need not hesitate any longer, for we feel assured that he will now be the candidate and that those who shall hear him this summer will be more than glad to support him.—*Salisbury Examiner.*

THE DRY EARTH TREATMENT OF WOUNDS.—The Philadelphia "Star" says: Dr. Hewson, a well known physician of this city, and an advocate of "the dry earth treatment of wounds," concerning which there was such a lively discussion some months ago, in the case of the lamp-homicide of Annie Peoples, has continued this method of treating wounds with very favorable results. In a late medical journal he cites a case of compound fracture of the leg, the limb being kept at rest by means of sand bags. In the absence of these dry earth was substituted, which had the effect of entirely dispelling the offensive odor of the wound, and their use was continued with the most happy results; the earth was changed every three or four days. Again he states that a man affected with scurvy which had resisted all other treatment was entirely cured by being buried up the neck in soil for about 20 minutes.

For the Sentinel.

HILLSBORO', April 8th, 1870.

Editor Sentinel—DEAR SIR:—I see from the New York *Herald*, under date of the 2nd of April, 1870, headed "Double Execution," also in the *Standard*, an article which, I think, does great injustice to our Sheriff, and, at the same time, reflects upon the Commissioners of the county.

The writer of the above article, is giving an account of his visit to the condemned men, says, "I found them confined in an upper dungeon which was reeking with a foul stench, loathsome enough to engender disease. It was the peculiar odor of the negro, intensified by filth and made intolerable, even for a few moments, by its combination of charnel house and putrified smell that was horible and sickening.—How these wretches existed in health, or how it is they were not prostrated with disease is truly wonderful. From the inmates of the jail, I learned that two or three negro women, one of them *enciente* and now under sentence of death, were for a considerable period confined in the same cell with the black murderers where the most inmoral and beastly crimes had taken place. The women now occupy another dungeon in common with three male negro criminals, where, I am told, they exercise and practice their lecherous desires without any restraint whatever. To such an extent was this carried, that one of the women, a handsome mulatto, had to be taken from the dungeon and kept in a passage way for the want of a more secure place of confinement."

Had the writer of the above article taken as much pains to enlighten the public, and give a true version of the whole affair, as he was to create a sensation, there would have been no need of this communication. Had he told the reasons, why it was that the "dungeons" emitted such a foul stench, or why it was that women and men were confined in the same cell, we would not complain; but as stated by the *Herald* and *Standard's* correspondent, the public may conclude that there is gross and culpable neglect on the part of the public functionaries of Orange county, but such, I assure you, is not the case, the authorities here, particularly the Sheriff, have used the utmost care in regard to the wants and comforts of the criminals, as the crowded state of the prison will admit. We had in jail, at the time, some ten or twelve prisoners, four under sentence of death, two women and two men, one man who had been implicated in the murder of Blalock, with Young and Gun, had sworn that he would take the life of Gun whenever he got an opportunity, so it would not do to confine him with Young and Gun, as they had implicated him, and there is but two small cells in the jail, so the Sheriff could not do otherwise than confine them as above described.

In regard to the "filthy and loathsome condition of the jail," we simply say that it is not true, it is true, however, that the "negro has a peculiar odor," or there is an "odor peculiar to the negro," but will not Greely, Sumner, Wilson & Co., be shocked at the astounding assertion of the *Herald's* correspondent, that there is an "odor peculiar to the negro," and will not the U. S. Senate resent the indignity and order a Committee of inquiry. And what, too, will become of our "beloved" and War like Governor's paper, thus to give circulation to so foul a slander that there is "an odor peculiar to the negro," notwithstanding in former times they might be "led well, worked well and whipped well."

In former times, we had seldom more than two or three persons in jail at a time; but now every jail in the State is crowded to its utmost capacity. This is not strange when we look at facts—the poor uneducated and ignorant negro—when he is taught by the "Legislative Address" (said to have been written by a now Judge of the Supreme Court of N. C.) to steal "hogs" when they are fat, and "corn in the field," will follow the teachings, the Courts must punish, and hence the jails are crowded—and the "peculiar odor."

In regard to "the execution" being "a badly bungled affair, from beginning to end," and "the tortures of the wretches were terrible, which might have been avoided, if a proper scaffold had been erected, &c," I would say that our people have not become thoroughly identified with the New York Code, although it cost the people of State $20,000 to copy it. Nor do we profess to have any "experienced hangmen" here, as not until of late, we had much need for them; and we do earnestly hope we will never be under the necessity of sending "for an experienced hangman." The Sheriff on this occasion, discharged his stern, yet painful duty, as well, under all the circumstances, as could have been done by any one; he but followed the sentence of the Court, "to hang them within the jail until they were dead." The height of the room, allowed him to give them, but little drop, and if they were "tortured," it is the fault of the New York Code and not the Sheriff.

Yours, &c.,
JUSTICE.

A PUBLIC DICTATOR—WHAT WE SHALL PUBLISH AND WHAT WE SHALL NOT.—We are sometimes led to believe from the repeated acts of folly which some men are wont to indulge in that the outside limits have assuredly been reached, until some last final act overleaps the barriers and throws all former performances in the shade. We find the following order on the minutes of the City Court yesterday morning:

Ordered, That owing to the omission of many cases by the press of the city in the Court proceedings, and the retention of others, thereby making a partial report of its action, it is hereby ordered that the proceedings of this Court be either published in full or totally omitted.

And thus has the fiat gone forth; thus are we bid—the publishers of an independent newspaper are ordered to publish this or they shan't publish that. Do we heed? Will we submissively obey? Hear our reply. We tell Judge Cantwell that we shall in future continue to be the judges of what we shall or shall not publish; that his word is by no means *law* with us; that when we want his advice we will ask it; and that we care as little about his *orders* as to our publications as we do for his "bulls of excommunication." Let him again thunder forth his sentence excluding us from his Court; we will continue to publish anything important that occurs in regard to his Court and we will omit what we see fit.—*Wil. Journal.*

Chinese printers are the latest novelties in San Francisco. A local paper says: "Among the passengers by the last steamer from China were five first-class Chinese compositors, educated in an English institution at Hong Kong. They set type from "copy" written in English, and are said to be exceedingly expert. One of them will probably remain in San Francisco, while the other four are under an engagement to proceed to New York, where it is said they will train a number of their most intelligent countrymen in the art they have so effectively acquired themselves."

It is understood that General Canby will be promoted and ordered to Washington.—We are willing to see him advanced a grade provided his promotion will take him out of the State.—*Norfolk Virginian.*

STATE LINES.

There can be no doubt that the intent of the Radical party is to obliterate State Lines, and to establish upon the ruins of the extinct sovereignties a strong Central Government. Their entire political action is based upon this design, and day by day, as the old landmarks of the Constitution are swept away, their purpose becomes more apparent and their operations more effective towards the accomplishment of the projected end. In the South there is no such thing as State Sovereignty, while at the North it exists only because the opportunity has not yet arrived to strike the blow there. The Fifteenth Amendment will afford that opportunity; and then will be seen what value is to be attached to the threats of defiance uttered by Northern Senators and Representatives in Congress. The question of Negro suffrage will come up in those States for decision and settlement. Will the white people there submit to its affirmative enforcement? Will they succumb to the Powers in authority, or will they resist so flagrant an outrage upon their State rights and State sovereignty? These are questions we are not prepared to answer; but we fear that there is not virtue enough nor strength of Principle enough left at the North to beat back the tide of fanaticism, or repel the waves of Tyranny which are flowing over all this land. We fear that the friends of Constitutional Liberty are too weak in numbers, too weak in influence to stay the flood. The Vallandighams, the Pendletons, the Seymours, the Voorhees, and other true men of the North have lost the power which they once had for good in their Section, while such knaves and fools as Butler, Sumner, Wilson, Grant, Wade and others of that ilk, wield a powerful influence for evil over the masses of the North. When Vice usurps the place of Virtue, and Knavery triumphs over Patriotism, what hope can there be for Liberty? Hence, we must be prepared for the worst. We must not be disappointed if the last vestige of free Government is swept away, and a powerful Despotism set up in its place.—Perhaps the patriotism and courage of the North may be aroused in time to avert so dreadful a catastrophe. Let us hope and pray that it may. Without their aid we are powerless. Still we must not despond; but give our energies, our labor, and our encouragement to the cause. It is the cause of Justice. It is the cause of Country. It is the cause of the South. Let us not desert it.—*Banner of the South.*

AN INCIDENT.—There is a sound of "revelry by night" as one walks down St. Charles street, and the toned light shining through the parti colored glass doors and windows gives rise to impressions of a pleasant time within.—Sometimes a musical laugh will mingle its cadence with the strains of tuned instruments, and a female voice, burdened with melody, completes the enchantment that there holds rivalry. Men have a strange way of going to such places. It is possible that the bright eyes of pretty waiter girls have some attraction. It is certain one gets the most delightful beverages there. These considerations may have attracted a certain married gentleman thither one night. At all events he was there, and by the merest accident in the world was hooding a little chat with a pretty waiter girl when suddenly he felt a soft tap on the shoulder, and heard:

'My dear, I should like to speak to you."

He knew that soft, musical voice, he had heard it many a time, and until then always welcomely. He turned pale, though, then, and shivered a little. "Yes, my dear," and followed quietly to the door.

A carriage stood in waiting, and the man went home with his wife *N. O. Picayune.*

CARD.
SOUTHERN LIFE INSURANCE CO.
TO THE PEOPLE OF NORTH CAROLINA.

AT the request of General Jno B. Gordon, President Atlanta Department, I have come to your State to bring prominently before you the claims and merits of the Southern Life Insurance Company. It is under the control of as honorable and as responsible men as there are in the land. It is managed in the most prudent and economical manner and will deal justly and fairly with all.

We have no war to make upon other Insurance Companies, but we do wish to impress upon the people the importance of *keeping their money at home.* By careful calculation it is estimated that, a sum of not less than *twelve millions* (annually) is sent from the South, to the North for Life Insurance and unless checked will surely prove unfindal to our interests. We ask you to consider how greatly the material interest of this section would be benefited by the retention of these enormous sums in our midst.

We send no money away to enrich foreign capitalists but every dollar of premium (less expenses) is INVESTED IN THE STATE FROM WHICH IT IS DERIVED.

This department of the Company has operated both in Georgia and South Carolina, and has done an unprecedentedly large business. Some of the most prominent gentlemen in these States are identified with its interest. Its Board of Directors embrace the names of the ablest financiers, and most successful business men in the South. They are the Trustees of the sacred fund of the widow and orphan. Will you not trust your friends and neighbors; or is it more secure in the hands of strangers? We appeal to you to assist us in pushing forward this deservedly popular and reliable Southern corporation. Its solvency is surpassed by any Company doing business in the United States, its ratio of assets to liabilities *the only true test of a Company's strength*, fully sustaining this statement.—We would respectfully call attention to the Board of Directors and Stockholders, published in another column, and to our Board of Reference in this State and others.

This article is much superior to the Peruvian Guano as a fertilizer. It contains a much larger percentage of *bone phosphate* and soda, and nearly as much Ammonia, its effects upon the land will be seen for years.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

H. Leberman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer.

J. J. Horton of same State, writes to the same import. Our Circular for January 1870, contains these and other certificates in full.

THE SENTINEL.

CITY AND STATE ITEMS.

WEDNESDAY, APRIL 12, 1870.

JOHN HUSKE, Jr., Assistant Doorkeeper of the House of Representatives, is authorized to make contracts and give receipts, &c., &c.

ANNOUNCEMENT OF CANDIDATES, not exceeding five lines, until the day of election, will be inserted in the SENTINEL for $5, payable in advance.

ANNIVERSARY ORATION.—We announce, with great pleasure, that Gen. Matt. W. Ransom, in response to a request from the Ladies' Memorial Association, has consented to deliver the Address before that Association, at the next anniversary, 10th of May.

SALE OF REAL ESTATE IN RALEIGH.—The lot of land in the Northeastern part of the city, belonging to the estate of the late H. M. Jones, will be sold on the 12th of May, *prox.* The postponement of this sale, was thus made in order that the whole tract might be sold together, as now advertised.

M. ROSENBAUM announces his change of base this morning, from his old stand next door to Pescud, Lee & Co.'s Drug Store, to the store formerly occupied by D. C. Murray, where he is opening a large stock of Spring and Summer Dry Goods, Fancy Goods, Boots and Shoes, Hats and Gents' furnishing goods, to an inspection of which he invites those wanting anything in his line.

TUCKER HALL, BELOW.—Tucker Hall upstairs is thought, sometimes, to present attractions of extraordinary character, and so it does; but you have to pay before you can get in to see them; but Tucker Hall below stairs, just now, presents a varied field of attractions entirely eclipsing any thing to be seen above at any time, (except the ladies, and these are to be seen also in the lower department,) and you don't have anything to pay to go in. So, if you want to see a fine show (of goods) visit Tucker's Hall down stairs, and see one of the finest exhibitions (of goods) to be found anywhere. Tickets free. For particulars see advertisement in another column.

DISABILITIES REMOVED.—The friends of Hon. F. E. Shober, will be glad to learn, as announced by the telegram yesterday, that the President has signed the bill removing his disabilities.

A CORRECTION IN NAMES.—We are requested to say that the McGuire whose name figured in a case in the Superior Court on Monday—State vs. Sarah Glover, for an assault on Mrs. Mary Ann Probst, is not J. J. *Maguire* but Andrew *McGuire* an entirely different person.

CHIROPODIST.—Dr. J. Lindeman, Surgeon Chiropodist, cures Corns, Bunions or bad Nails without pain or drawing blood. Dr. Lindeman cures the very worst cases of ingrowing Nails without pain. Dr. L. is not a potash pedler but a Surgeon Chiropodist of 10 years standing. Will remain at the Yarborough House. Give him a call. Charges moderate.

AGRICULTURAL MEETING.—The Farmers and others interested, in the region of country around Weldon, will hold a meeting in that place on Monday, May 2nd, for the purpose of fully organizing an Agricultural Society, and for taking the initiatory steps for holding an Agricultural Fair next Fall. We are indebted to R. H. Smith Esq., through Mr. Stone, editor of the *News*, for an invitation to be present on the occasion, and the inducements embraced in that hint about the R. R. M., are so strong that we think we shall hardly be able to resist.

MAC EVOY'S HIBERNICON.—This exhibition of paintings, representing scenes in Ireland, accompanied by descriptive lectures, national songs, &c., is thus spoken of by the Wilmington *Journal*:

Notwithstanding the hard times, a good audience assembled at the Theatre last evening to witness the first appearance here of Mac Evoy's renowned Hibernicon. We must confess to much pleasure from the entertainment. The paintings were very fine, illustrating a variety of scenery picturesque and beautiful in the extreme, the principal of which were rendered still more interesting by the description of Mr Charles Mac Evoy, the director of the entertainment, who exhibited an intense knowledge of the real and traditional history of Ireland such as, we imagine few men have ever possessed. The exhibition was pleasantly interspersed with songs and comic interludes rendered by Jerry Cohan as Barney the Guide, Miss Marie Dalton Mac Evoy as Nora and Miss Kate Halpine as Mrs. O'Colleghan and the Young Widow.

"To our friends we commend the 'Hibernicon as a chaste, entertaining exhibition, well worthy their patronage."—*Wil. Star.*

Green Peas have already made their appearance in Charleston.

To Sceptics.

The almost daily receipt of voluntary testimonials from every part of the country, from Physicians, Clergymen, old and, young, male and female, is sufficient to convince the most sceptical that DR. TUTT'S EXPECTORANT is the most valuable LUNG BALSAM of the age; many wonderful cures have been performed by it, as may be seen by hundreds of certificates in the hands of the proprietor. Try it and you will doubt no longer.

"An Acknowledged Institution."—

"*Brown's Bronchial Troches*," are among the acknowledged institutions of the land. What would our ministers, our lecturers, our lawyers, do without these invaluable Troches? To what an amount of "ahems" and coughs and throat clearings would we be all subjected, were it not for those all-powerful and soothing lozenges? We have tried them, and they did us good."—NEW YORK WAVERLEY.

A Most Striking Contrast.—

The old hair dyes and colorers, &c., are all more or less sticky, muddy, and fetid, and the hues they impart are not natural. PHALON'S VITALIA, or SALVATION FOR THE HAIR, the newly-discovered agent, is, on the other hand, limpid, transparent, fragrant, and effective, and has no sediment.—Sold by all druggists and fancy goods dealers.

SIDEWALKS IN RALEIGH.

MR. EDITOR:—Pardon me for calling public attention to our sidewalks. The slightest rain makes many of them impassible; men with heavy boots find it difficult to wade through the street. Ladies often must stay in doors. Ought this state of things to continue?

Under our laws the owner of property fronting sidewalks is bound to improve them. This improvement is a *public duty*. Every one neglecting it, neglects a plain public duty. The public have a right to demand that this neglect shall cease. I call the attention of Gen. Cox to this matter. I hope the Grand Jury will take it into consideration. Many of the city sidewalks are "public nuisances," and if after warning the owner refuses to repair them, why should not they be liable to indictment?

The Commissioners of the city have power to make owners repair their sidewalks, or in case of refusal to cause the work to be done and charge the expense to the owners. A year ago the Commissioners made a good start, some good was effected, some firm sidewalks were made.—But many are worse than ever. It is proved by sad experience that red mud will not make hard pavements.

The Commissioners for their neglect in causing property owners to do their duty, are certainly liable to indictment. I hope Gen. Cox will make a note of this also and intimate what will be done in case they do not perform the trust imposed on them by the people.

I have had occasion during the late rains to walk in streets in each ward. I saw at least twenty indictable sidewalks. The worst are on the finest streets we have, Hillsborough and Fayetteville. This should not be so; Raleigh is improving in other respects. Mr. Tucker, Williamson, Dr. Fab. Haywood, John Williams, and others are entitled to great credit for very handsome edifices. But no man can admire handsome buildings while slipping ankle deep in mud. Why should we have a fine Market House, which cannot be approached with comfort? I write this not to get anybody indicted or harassed in any way but to remind our citizens (some of them,) that they owe a public duty, which they have forgotten to perform. It will not cost much. I know cases where one hour's work, and even less, would drain the water from the sidewalk, and leave a hard pavement. I wish also to call the attention of the public to *their rights*. Is it too much to hope that the time will come when a lady can attend Church on a rainy day without being mired ankle deep in red clay?

Yours truly,
MUD-HATER.

P. S.—I say nothing of streets. The Commissioners, not property owners, are bound to repair them. The condition of Fayetteville street reminds me of a notice in verse, written on a shingle at the entrance of a road into a swamp:

"The road is not passible,
Not even jackassible!
Who wants to travel,
Must bring his own gravel."

All the more necessary to have passible sidewalks.

TO THE CITIZENS OF RALEIGH.

Having been appointed a Committee to solicit contributions for the purpose of paying for and equipping the Steam Fire Engine, (Rescue No. 1,) and finding it impossible to see all who desire to give, we adopt this method of making known our necessities.

We need money to pay for and to equip the engine. We have a complete organization. Cisterns are to be placed at suitable points by the city authorities!

We appeal to the property holders to aid us according to their fire risk because the rates of Insurance will be reduced if our plan is sustained.

We appeal to those who have nothing exposed to the risk of fire because the perfecting of the Fire Department is a progressive movement which will benefit the city.

We appeal to the ladies because the encouragement and the smiles of the fair are necessary to the establishment and the maintenance of an efficient Fire Department!

Citizens of Raleigh, one and all, give us in proportion to your means and we shall be able to protect your property from the devouring element, fire.

Contributions will be received by any of the undersigned.

Newspaper Statements.

HOW THE PEOPLE TEST THEIR TRUTH.

This is not an age when people believe on trust whatever they see in the public journals. Fifty or fifty years ago when the accuracy of a statement that had appeared in one of the gazettes or "News Letters" of the day, was questioned, it was considered a sufficient answer to all cavil to say, "It must be so, for I read it in the newspaper." It is not so now. Newspaper assertions must be verified before they are taken for granted, and this is especially the case as regards statements setting forth the remedial properties of proprietary medicines. For example: it was not until the tonic and alterative properties of Hostetter's Stomach Bitters had been deliberately and thoroughly tested by thousands, and found to be in perfect accord with the printed claims put forth in its behalf, that it was accepted by the public at large as a *Standard Remedy*. But when multitudes who had resorted to it as a safeguard against malarious fevers, a cure for indigestion and biliousness, a means of strengthening the frame, cheering the spirits and imparting constitutional vigor, came forward and testified that its beneficial effects had exceeded their most sanguine expectations, *of course* the world believed. To resist such proofs was impossible. Great care has been taken from the beginning not to *overstate* the merits of the Bitters. Exaggeration and bombast have been the curse of many preparations that might otherwise have survived. They were "weighed in the balance and found wanting." Hostetter's Bitters, on the contrary, have never been announced in grandiloquent language as a cure for every bodily ill, but simply as a pure harmless vegetable specific possessing remarkable invigorating, regulating, anti-bilious and antiseptic properties. This is exactly what the public know the medicine to be, and its enormous sales is an argument in its favor.

PAYMENT OF INSURANCE.—The following acknowledgement of the receipt of the full amount of an insurance policy issued to Mr. D. J. Ramsay, of Beaufort, is another evidence of the propriety of making that sort of provision for the protection of one's family in case of death: The Ætna has paid to the representatives of various families in this State, within the last three years, one hundred and fifty-three thousand dollars:

BEAUFORT, N. C., March 28th, 1870.

MR. C. LOWENBERG, Local Agent for "Ætna" Life Ins. Co., Hartford, Con.

SIR:—Through W. H. Crow, General Agent, Raleigh, N. C., I have to acknowledge the receipt of $10,000.00 for Policy No. 36,606, held by Mr. David J. Ramsay, deceased, in the Ætna Company, and with pleasure recommend you to the community at large as an efficient Agent, as well as your excellent company for their prompt payment of claims against them.

Yours respectfully,
WM. B. DUNCAN, Adm'r.
of D. J. Ramsay, dec'd.

NEW ADVERTISEMENTS.

A CARD.

MY ATTENTION HAS BEEN CALLED TO a card in the SENTINEL of yesterday morning, in which it is stated I am the source of a rumor that the highly respectable gentleman, who composed the Directory of the De Soto Mutual Life Insurance Company, of Mo., in this city, had been induced to send their influence to that Company "by a gratuity, in the shape of a policy to each."

I merely have to say that I have never made or authorized any one to make any such declaration. Nor have I satisfied my self by saying anything that can be construed into an attack on the high toned citizens who compose that Board.

Though a zealous Insurance Agent, earnestly striving to extend over the people the aegis of the great institution I represent, I have always confined myself to such statements as were legitimate in an honorable competition for business. My experience has profited me little if I practice the opposite, *impolitic* course.

Mr. Mordecai has been unwittingly led into error. He would not, I know, willingly injure or wrong any man. On his recovery from indisposition, he will, I am confident, make the necessary correction.

TELEGRAPHIC.

Tuesday Evening Dispatches.

WASHINGTON.

WASHINGTON, April 12.—Colfax has a boy baby (Important news to the public, but we suspect his wife had it.)

The Reconstruction Committee gave Sumter a final hearing this morning. His evidence and statements satisfy neither party, and he suggests nothing but that Federal soldiers be placed under his control, wherewith he promises to maintain peace.

HOUSE.—After a stubborn resistance on the part of sch nck the House postponed the tariff bill and took up the case of Hunt vs. Shelton, from Louisiana. A spirited debate in progress.

SENATE.—The bill restoring the Washington relics to Mrs. Custis Lee, which passed the House, was referred to the Military Committee.

The proposition for a Joint Indian Committee was taken up. A motion to indefinitely postpone was defeated, and arguments are progressing.

The Senate Committee on Commerce agreed to report in favor of directing the Secretary of War to order a survey of the route for the James River and Kanawha Canal.

The President signed the bill removing Shober's disabilities. He will now be seated as a member from North Carolina.

Able lawyers have been retained by both parties in the "Brevet Howard corruption investigation."

OHIO.

CINCINNATI, April 12.—The election in Montgomery county decided the elections against the Republicans, but the inmates of the Soldiers' Home, who are not citizens, were allowed to vote.

MISSOURI.

ST. LOUIS, April 11.—Dwight Duke has been appointed City Treasurer vice defaulter Sweeky.

Adolph Kreger has been arrested charged with robbing the City Treasury of 23 000.

A Quartermaster's train, encamped at Bluff Creek, lost 139 animals on March 6th. The robbers are supposed to be whites disguised as Indians.

FOREIGN.

PARIS, April 12.—In the Corps Legislatiff yesterday Jules Favre regretted the resignation of Buffet who showed a disposition to stand by the prerogatives of the Chamber.

Segris in replying, described Buffet as a defender of Republicans, but an enemy to liberty. There was much excitement during the proceedings.

The Emperor reviewed the troops at Place du Carrousal.

Tuesday Night Dispatches.

WASHINGTON.

WASHINGTON, April 12.—The President has returned.

A dispatch received by the Spanish minister here to-day asserts that the Spanish Bank of Havana has loaned the Government $5,00 ,000 without interest.

In the Senate the Georgia bill was taken up, and was discussed by Tipton in favor of Bingham's amendment, and by Howe against the admission of the State and in favor of a provisional Government. No vote—the question will come up again to-morrow.

In the House the case of Hunt against Sheldon occupied all day—a vote will be had to-morrow.

Three thousand dollars were appropriated for the investigation of charges against Howard, Chief of the Freedman's Bureau.

A minority report was made by Stevenson and four others of the Committee in favor of seating Segar of Virginia.

VIRGINIA.

RICHMOND, April 12.—Chief Justice Chase has consented that the Richmond Mayoralty case shall go to the Virginia Court of Appeals, saying that it properly belonged to the State Courts. The case will, therefore, at once be commenced in the Court of Appeals, which assembled and organized to-day.

FOREIGN.

LONDON, April 12.—Capt. Lacon publishes a communication in the Pall Mall Gazette, wherein he defends the officers of the American Steamer, Shenida, and says, since the order of the Council of the 4th of August, 1863, it is doubtful if there is any rule of the road at sea.

WANTED—AGENTS—$75 to $200 per month, everywhere, male and female to introduce the GENUINE IMPROVED COMMON SENSE FAMILY SEWING MACHINE. This Machine will stitch, hem, fell, tuck, quilt, cord, bind, braid and embroider in a most superior manner. Price only $15. Fully warranted for five years. We will pay $1000 for any machine that will sew a stronger, more beautiful, or more elastic seam than ours. It makes the "Elastic Lock Stitch." Every second stitch can be cut, and still the cloth cannot be pulled apart without tearing it. We pay Agents from $75 to $200 per month and expenses, or a commission from which twice that amount can be made. Address SECOMB & CO., PITTSBURGH, PA.; BOSTON, MASS., or ST. LOUIS, MO.

CAUTION.—Beware of all Agents selling Machines under the same name as ours, unless they can show a certificate of agency signed by us. We shall not hold ourselves responsible for worthless Machines sold by other parties, and shall prosecute all parties either selling or using Machines under this name to the full extent of the law, unless such Machines were obtained from us or our Agents. Do not be imposed upon by parties who copy our advertisement and circulars and offer worthless Machines at a less price.

Medal Awarded by the Paris Exposition, 1867.

THE AMERICAN COMBINATION
Button Hole & Sewing Machine

Has been honored with the highest award in premiums and diplomas wherever entered for competition at fairs and exhibitions held during the past season.

THE SIMPLICITY, EASE AND CERTAINTY with which this machine operates as well as the uniform excellence of its work, throughout the entire range of Sewing, in

Stitching, Hemming, Felling, Tucking, Cording, Braiding Quilting, Gathering & Sewing on, Overseaming, Embroidering on the Edge, and its Beautiful Button-Hole and Eyelet Hole Work,

Places it unquestionably far in advance of any other similar invention.

It is also the CHEAPEST intrinsically, as well as the BEST, since it is really TWO MACHINES combined in one, (by a simple and beautiful mechanical arrangement never before accomplished by human ingenuity) making either the Lock Stitch or Button-Hole Stitch, as occasion may require. It is at the same time, simple in construction comparatively noiseless, easily understood, and in a word, it combines with these ADVANTAGES, EXCLUSIVELY ITS OWN, THE MOST DESIRABLE QUALITIES OF ALL OTHERS.

The public are invited to examine this remarkable machine at MRS TOMPKINS' Boarding House, (Mrs. Thompson's old stand,) Fayetteville Street, and at Watson's Photographic Gallery.

Tone to the Stomach,

And a Healthy action to the Liver, Kidneys, Secretive and Excretive Organs.

A DYING ZOUAVE

lay breathing in last on the battle field, his companions surged on and left him alone. They knew the cause of his approaching end it was the deadly bullet. No friendly voice could cheer him to life—no human skill could save him.

Thousands of Precious Lives

are to-day as rapidly sinking, and as surely tottering on to an untimely end, in suffering Agony, Wretchedness, and Ignor nce of the cause which

Science can arrest and assuage,
Nourish into new Life and Vigor,
And cause the Bloom of Health
To dance once more upon their withered Cheeks.

DISEASE, LIKE A THIEF,

Steals upon its victims unawares, and before they are aware of its attack, plants itself firmly in the system, and through neglect or inattention becomes a stud, and defies all ordinary or temporary treatment to relinquish its merciless grasp.

DO YOU KNOW THE CAUSE OF

The wasted form—the hollow cheek?
The withered face—the shallow complexion
The feeble voice—the sunken, glassy eye?
The emaciated form—the trembling frame?
The treacherous pimple—the torturing sore?
The repulsive eruption—the inflamed eye?
The pimpled face—the rough colorless skin?
and debilitating ailments of the present age?

The answer is simple, and covers the whole ground in all its phases, viz: the

The

ON REACHING THE STOMACH, it assimulates at once with the food and liquids therein, and from the moment it passes into the Blood, it attacks disease at its fountain head, in its germ and maturity, and dissipates it through the avenues of the organs with unerring certainty, and sends NEW AND PURE BLOOD BOUNDING THROUGH EVERY ARTERY AND VEIN.

The tubercules of Scrofula that sometimes flourish and stud the inner coating of the abdomen, like kernels of corn, are withered, dissolved and eradicated and the diseased parts nourished into life. The Torpid Liver and Inactive Kidneys are stimulated to a healthy secretion, and their natural functions restored to renewed health and security.

Do not Insure Your Life

UNTIL YOU ASCERTAIN FROM

P. F. PESCUD,

General Agent for North Carolina,

WHY THE

National Life Insurance Company,

OF THE

UNITED STATES OF AMERICA

can, and does issue a larger Policy for less money than any other Company, represented in North Carolina.

The National was organized in August 1868. She has issued nearly

10,000 POLICIES,

HAS A CASH CAPITAL OF

$1,000,000,

which was all paid in before a Policy was issued and which has already increased, fifty per cent. All the losses reported to 1st Jan'y last amounted to but $40,000, and as a further evidence of the great care observed in the selection of risks, 924 applications amounting to nearly $3,000,000, were rejected last year. Therefore a solid basis and improvements that none but Stock Companies can afford, is enjoyed by all who prefer the National to Mutual or Mixed Companies.

ALL LIABILITY FOR LOSSES IS AVOIDED.

Every man who has a family, should try to create an Estate for their support, when he is taken from them by death—and a very small amount spent for a Policy secures a larger amount of Cash Assets, and is far more certain, than the same amount will secure in any other investment, and a more tender expression of love and responsibility could not in any other way be more beautifully expressed.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!

No more Smoke!—No more Grease!

No more fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

IT costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has obtained its unrivaled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and unobjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

GLOBE MUTUAL LIFE INSURANCE COMPANY,

OF THE

CITY OF NEW YORK.

"STRONG, LIBERAL, SAFE, AND OF ESTABLISHED REPUTATION. THE GLOBE OFFERS EVERY INDUCEMENT TO PERSONS DESIROUS OF MAKING PROVISION FOR THOSE WHOM THEY MAY LEAVE BEHIND."

PLINY FREEMAN,	President.
LORING ANDREWS,	Vice President.
J. A. HADENBURGH,	2d Vice President
H. C. FREEMAN,	Secretary.

Managed by able men, thoroughly experienced in the business of Life Insurance; its business since its organization has exceeded that of any other Company for the corresponding period of its existence.

H. H. GOODLOE,	General Agent for N. C.
DR. E. BURKE HAYWOOD,	Examining Physician.
Gen'l. S. B. BUCKNER,	Manager Southern Dep't.

The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."

SUCCESS THE CRITERION!

THE BEST MANAGED IS THE BEST COMPANY!

DE SOTO MUTUAL LIFE INSURANCE COMPANY,

OF ST. LOUIS, MISSOURI.

JAMES P. LUCAS, President.

CAPITAL STOCK, (PAID UP,) $150,000.00!

Stockholders bound for Double the Amount of Stock!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES R. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience; men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

UPWARD AND ONWARD!!

WHY IS IT BEST TO INSURE IN THE

BROOKLYN LIFE?

BECAUSE,

AMONG OTHER REASONS, IT IS THE ONLY COMPANY IN THE UNITED STATES WHICH PRESENTS THE GREAT FEATURE OF GUARANTEEING DEFINITE

CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

ALL POLICIES

Are non-forfeitable after two full Annual Premiums have been paid.

The policy-holders of this Company may travel or reside where they choose—anywhere on the Globe.

The BROOKLYN LIFE has paid, and now pays to its policy-holders, LARGER DIVIDENDS than ever before paid by a Life Insurance Company.

DIVIDENDS ARE PAID IN CASH,

or applied to the permanent increase of the policy, or left with the Company to accumulate at interest, in either way, at the option of the policy-holder.

PRINCIPAL OFFICE AT ST. LOUIS, MO., OLIVE STREET, No. 313.

No Life Insurance Company in the United States offers superior advantages for insurance or investment, than the St. Louis Mutual. It is managed by gentlemen of the highest capacity and standing and it enjoys the largest confidence of those acquainted with Insurance Companies.

Its Policies are liberal; its premiums moderate and made easy; its losses are paid promptly and its investments are made on the most solid basis, being principally in improved real estate worth *twice the amount invested, paying ten per cent per annum.*

All its Policies are non-forfeitable and all participate in its profits from the beginning.

Dividends declared and applied annually to policy holders on the contribution plan.

The Company is strictly Mutual, and the profits of its business are paid not to stockholders but to its policy holders.

An equitable surrender value paid to all who through misfortune are unable to keep up their policies.
